The House Bill Passes by a Narrow Majority.

BUENOS AYRES BADLY DEMORALIZED.

Death of Hiram Arents—A Fatal Explosion Caused by Molten Iron—Fruit Prices Today.

WASHINGTON, July 22.—Immediately after reading the journal in the House voting began on the Original Package bill. The first vote was on the Adams substitute defining an original package; lost, 83 to 115. The House then proceeded to vote on the House substitute for the Senate bill. The following is the House measure: That whenever any article of commerce is imported into any State from any other State, territory, or foreign nation, and there held or offered for sale, the same shall then be subject to the laws of such State, provided that no discrimination shall be made by any State in favor of its citizen, against those of other States or territories in respect to the sale of any article of commerce, nor in favor of its own products, against those of like character produced in other States and Territories, nor shall the transportation of commerce through any State be obstructed except as may be necessary for the enforcement of the health laws of such State." As the vote progressed it was evident the result would be very doubtful, and great interest was manifested. At the end of the first call the affirmative had a majority of one, and at the end of the second call the majority was neither increased nor diminished. Then came a change in the votes. Fully two dozen changes were made, and in the alterations the affirmative came out triumphant, the vote be announced as yeas 110, nays 91. Then Grosvenor of Ohio, who had changed his vote for that purpose, moved a reconsideration. Frank of Missouri moved to table that motion.

The motion to table was agreed to by yeas, 118, nays, 95. The vote then recurred on the passage of the Senate bill as agreed. Passed: yeas, 176; nays, 35. Those voting in the negative were Abbott, Adams, Breckenridge of Arkansas, Breckinridge of Kentucky, Carter, Caruth, Chipman, Clunie, Crain, Culberson of Texas, Cummings, Dunphy, Elliott, Foreman, Fowler, Frank, Hayes, Lanham, Lawler, Lehlback, Martin of Texas, Mason, McAdoo, McCarthy, Mutchler, O'Neil of Massachusetts, Outhwaite, Quinn, Richardson, Sayres, Stewart of Texas, Taylor of Illinois, Turner of New York, Vanschaick, Vaux, Whitehorn, Wike, and Wiley.

A conference with the Senate asked and the House proceeded to the consideration of the Bankruptcy bill.

LEAKING IRON

Causes a Tremendous Explosion Near Milwaukee.

MILWAUKEE, July 22.—Bay View was shaken shortly after 1 o'clock this morning by an explosion of such terrific force that the people of that suburb jumped from their beds, believing their houses were rocked by an earthquake. The concussion was due to an explosion resulting from a leakage of molten iron from a furnace in the rolling mill. A large number of men were around the furnace at the time, but only one, Joseph Lewis, was hurt. He was caught by the flood of molten iron and burned until the flesh dropped from his bones. He is still alive, but there is little hope of his recovery.

TORONTO, July 22.—A cable from London to the *Globe* says that the issue of additional capital stock of the Canadian Pacific is announced to be in the form of £1,000,000 four per cent perpetual debentures at 97½ per cent. Of this £720,000 will be applied to the Pacific Steamship service and the remainder for rolling stock and betterment. There is some comment over the fact that the issue is made by the company direct, and not through Baring Brothers, as heretofore.

A NAVAL WAR

Of Freight and Passenger Rates But Not Guns.

American Companies Preparing to Attack the Canadian Pacific in Its Own Waters.

NEW YORK, July 22.—A Victoria, B. C., special says it is now definitely settled that the Pacific Mail and Occidental and Orient Steamship companies in Victoria are making arrangements to begin a fight on their behalf. The Canadian Pacific first declared its intention of running its China steamers to and from the East by way of San Francisco and has carried out its threat by taking freight and passengers for that point by the Abyssinia, which will arrive there about the end of August. She will be followed by the entire Canadian Pacific fleet in turn. To meet this the American corporations have determined to invade Canada.

Mr. Rice says: "I'm in in Victoria now, for the purpose of arranging to run the China, one of the steamers of the Pacific Mail Steamship Company, from San Francisco by way either of Tacoma or Victoria. The probabilities are that Victoria will be the point at least for the present. If your big wharf is soon completed I will decide at once and probably appoint agents in this city before I leave here. The first steamer, which will be the China, will arrive here from San Francisco about August 24 for China and Japan, and the first steamer from the other side will leave Hong Kong today for Victoria. She is the City of Pekin and has engaged both passengers and cargo via Victoria and sound ports. We do not intend to do any business with our steamers between Victoria and San Francisco, as our relations with the Pacific Coast Steamship Company are most cordial. As far as regards the Canadian Pacific, we expect before that line gets in its new steamships to get a good hold on the business. We shall take no overland business over the Canadian Pacific, but will send our business over the Northern Pacific and the Oregon Short Line."

What the policy of the Canadian Pacific will be is uncertain. Three new steamers for that line which are soon to be placed on the eastern route are rapidly approaching completion in British dock yards. The contract requires the vessels to develop eighteen knots on trial and sixteen and a half knots on a [illegible] mile sea trip. It is confidently expected by the builders that this will be exceeded. No expense is being spared to make the vessels in every respect equal to the very finest vessels afloat.

THE CENSUS COMMITTEE.

Mayor Glascock Calls a Meeting for Tomorrow Night.

The census of Oakland will be retaken. A report this morning from Denver, Col., states that re-census by a citizens' committee showed a gain of 7500 people over the official census, and the Census Bureau added these figures to its own report, realizing that the enumerators had too much to contend with to make an accurate report. Why cannot Oakland show the same gain?

Tomorrow the committee appointed by Mayor Glascock, consisting of H. M. [illegible], President of the City Council, Mayor John R. Glascock and Charles D. Pierce, President of the Board of Trade, will hold its first meeting and arrange for a reckoning of the census by a sufficient number of enumerators to make the work sure to be thoroughly done.

A Fatal Railroad Smash in Colorado.

LOS ANGELES WILL BE FOR COLEMAN.

A Mysterious Bank Robbery in New Brunswick — Pacific Steamships. Floods in China.

CHICAGO, April 22.—An accident to the east-bound passenger train on the Rock Island road, near Limon, Col., last night, was caused by the washing away of two spans of a bridge a mile and a half from that place by a cloudburst. The engine, baggage car, day coach, and chair car went into the chasm and were badly wrecked. The sleeper remained on the track. Twelve or fifteen people were more or less seriously injured, and engineer McCormick was killed. Physicians and a wrecking outfit were at once sent to the scene of the accident. Among the more seriously injured are:

William Watson, of Pueblo, Col., head and face badly cut.

K. W. Woodson, of Kansas City, ankle bruised.

J. M. Thompson, of Buena Vista, Col., wrist sprained.

A MYSTERIOUS ROBBERY.

In Which a Bank Accountant is Concerned.

ST. JOHN, N. B., July 22.—A mysterious robbery at the Bank of Nova Scotia in Woodstock has caused a great deal of excitement. The sum of $10,000 was taken from the bank vault and the accountant of the bank, Robert G. Sanders, is locked up, charged with the theft. On Saturday morning Sanders was found lying on the floor of the vault unconscious, and the vault door wide open. When he came to his senses he said he had been instructed to go to the bank early in the morning to get some money out of the vault and send it away by express on the 7:30 train. As he entered the vault he was struck from behind and fell unconscious without seeing his assailant. No one living in the vicinity of the bank saw anybody enter or depart therefrom. Many rumors are afloat concerning the burglary. One is that Sanders has a severe wound on his head, which he said he received in the vault. Another is that the money stolen has been returned to the bank, and that all proceedings will cease.

LARGE CONCESSIONS

Made to Train Men in the Employ of the Santa Fe.

TOPEKA, Kan., July 22.—The conference between the Santa Fe general officers and the train men's grievance committee yesterday was fruitful in results. It has been practically agreed to abolish the classification of passenger conductors over the entire system and give a uniform pay of $125 per month, without regard to length of service, to pay for time lost by trainmen on account of delays occasioned by anything beyond their control, to pay for time lost where men are called upon to report for duty and are not sent out at once and to pay for 25 miles on all runs of less than 120 miles. These concessions are nearly all made by the company. In most cases where demands were made for an increase of pay in local runs the men have withdrawn their demands.

FLEEING FROM THE WAR.

Wealthy Guatemala People Arrive in Oakland, Today.

Dr. George Cool and His Wife Are Still in Central America—The Anxious Travelers.

A party of wealthy residents of Guatemala, consisting of Senor Escobar and wife, and Senors Santiago Escobar, Frances Moline, Benjamin Lewante, Jove S. Robles, Gustav Rodriguez and Alfredo Rodriguez arrived in the city today and are at the Galindo. They own large coffee plantations in the interior of Guatemala and are now en route to Europe where they will pass the next few months in the pursuit of pleasure. During their stay here they are escorted by Senor Carranza of San Francisco, who interprets for them, and kindly acted as the medium by which a TRIBUNE man obtained some information regarding the unsettled condition of affairs in Central America at present.

The party left Guatemala City during the early part of this month, before the war broke out, but they say that ever since the 22d of last month when the President of Salvador died, affairs have been in a very disturbed condition. The rumor spread among the Guatemalans that he had been poisoned, and then came the war-cloud, completely wrecking the peace of the country. No battles had taken place before they left, however, though the appearances were ominous and a large number of the more wealthy at once made arrangements for leaving the country and are now pouring out. The trouble is, as usual, the outcome of the attempted union of the Central American republics, and the effect is naturally disastrous to values and property. The visitors who, under ordinary circumstances may be termed millionaires, are liable to be beggared at any moment.

Dr. George W. Cool, formerly of this city, and his wife, *nee* Schuller, of Thirty-fifth street, are at the present time residents of Guatemala City.

Alfred Jensen, a young man of 20 years, allowed a water pipe to drop on his toes today, inflicting a painful wound.

Not the Use for a Court.

City Attorney Johnson was very loth this morning to allow the charge of vulgar language against Jake Partoskey to be dismissed, but as no complaint could be obtained no other course of procedure was possible. Mr. Johnson said that it should not be allowed for people to use the Police Court for a settlement of their family disturbances, when after having each other arrested they refuse to prosecute the cases.

The Nationalists.

The Central Nationalist Club convened last evening at the usual place of meeting on Ninth, between Broadway and Washington street. The subject of strikes was discussed. At the meeting on July 29th "Co-operation" will be considered and Mr. Sanford will open the debate.

THREE LARGE M'S.

Morrow or Markham, Which Shall it Be?

M'KENNA'S NOMINATION CERTAIN.

The Markham Man Behind the Jordan Horse—English Gets Good News From Lake County.

Interest in State politics in Alameda county is no longer pending. It is very openly expressed. To borrow a term from the churches, yesterday was a season of great political refreshing. Activity is now apparent everywhere, and [illegible] are taking positions. As announced yesterday in this paper, the contest at the primary election on Saturday next [illegible] four delegates to the [illegible] convention will be [illegible] those who favor the nomination of W. W. Morrow for Governor and the Markham-Jordan combination. The Morrow men are already fully organized, [illegible] work having been [illegible] yesterday and last evening. Markham's fight is directed by W. H. Jordan, who expects the Markham voters [illegible] for Lieutenant-Governor, if he hands over the Alameda vote for the [illegible] for Governor. The leaders of the Morrow forces say they have no interest in any particular candidate for Lieutenant-Governor. General Chipman, of Red Bluff, the veteran, who has a fine war record, Frank D. Coombs, of Napa, the astute legislator, who had the good fortune to be born in California, are [illegible]. The fight is, Morrow or Markham.

Organization by ward and township for Morrow is in progress. Last evening a meeting of Republicans of the Third ward was held at the residence of Mr. E. H. Pardee. About fifty prominent Republicans of the ward were present. Ex-Governor George C. Perkins presided, and the meeting decided that Giles H. Gray, W. H. Chickering, F. S. Stratton, and J. S. White be the Morrow candidates for election to the convention at the primaries next Saturday.

On Wednesday evening a meeting of the Republicans of the Seventh ward favorable to the nomination of Mr. Morrow will be held at Justice Mathew's courtroom on East Twelfth street, to nominate a ticket to be voted for at the primary election.

The record of Mr. Morrow's political career is an interesting contemplation. He has been actively in politics for these many years and yet not one unworthy or improper deed has ever been charged against him. For many years he was the leader of the Republican party of this State, managing party affairs as chairman of the Republican State Central Committee. When a candidate for office the extraordinary confidence reposed in him was shown by the greater number of votes cast for him than for other candidates on the same ticket.

In 1882, when Stoneman swept the State and for once in its history Alameda county went Democratic, the Republican nominees for election at large to Congress were W. W. Morrow and Henry Edgerton. Mr. Edgerton, the gifted orator, was a brilliant and popular man. He was the one Republican Presidential elector chosen in 1880, the time when this State sent a divided delegation to the electoral college. Yet Mr. Morrow received 2?6 votes more than Edgerton, and he also received 6??? votes more than M. M. Estee, the nominee for Governor. That year, 1882, not a Republican State or district officer was elected except L. C. Morehouse, candidate for the State Board of Equalization.

Then came the election of 1884. The Democratic Legislature had apportioned the State in the interest of the Democratic party, and so arranged the Fourth Congressional district that it was deemed to be sure to return a Democratic representative. Mr. Morrow was the Republican nominee, and against him was Robert P. Hastings, President of the San Francisco Board of Education, a man of large wealth and with a disposition to spend money lavishly. The election was held, and when the votes were counted, Morrow had [illegible]; Hastings, 16,122. Morrow's plurality over Hastings, [illegible]. In this year James G. Blaine was the Republican nominee for President and every one knows the dash with which he carried this state by 13,[illegible] plurality, yet W. W. Morrow received in the Fourth Congressional District, 1,328 votes more than were cast in that district for the Blaine electors.

In 1886, at the election that Washington Bartlett, Democrat, defeated John F. Swift, Republican, for Governor, Mr. Morrow again was a candidate for representative in Congress. This time against him was pitted one of the big, intellectual men of the Democratic party, Frank McCoppin, ex-Mayor of San Francisco, ex-State Senator, and, at the time of his candidacy for Congress, a Harbor Commissioner. Morrow received [illegible] votes more than McCoppin. Mr. Morrow's vote in that district exceeded Swift's vote by 2[illegible].

Two years later, in 1888, Mr. Morrow's opponent was Robert Ferral, not a great man but a successful politician, a man who had been elected Judge of the Superior Court and to other important offices, and had never known defeat. Judge Ferral made an active canvass, but Mr. Morrow remained in his seat in Congress, attending to public business, until ten days before election. Election day came along in the swift procession of days, and at the end of that day [illegible] votes more for Morrow than for Ferral had been cast. In that year the last Presidential election was held. Cleveland carried San Francisco by [illegible], and in the Fourth Congressional district he received 1?20 votes more than Harrison. Mr. Morrow received in the district 1150 votes more than the nominee of his party for President.

Two years more have passed. As usual Mr. Morrow is at his post in Washington. In his absence those who believe in him are making an effort to have him the Republican nominee for Governor of the State. For proof of this assertion that he would poll an immense vote in addition to the usual party vote they point to the result of successive elections in a Democratic district, and of the great number of votes in excess of other Republican candidates he has always received.

W. M. Kent of the Fourth ward said today that the Jordan forces are well organized in the First, Second, Third, Fourth, and Fifth wards, as he knew. With the organization in the Sixth ward and in the country he is not familiar.

"Has the Jordan organization any candidate for Congress?" was asked of Mr. Kent.

"Oh, no, the Congressional matter does not enter at all," he replied.

"Merely Markham and Jordan?"

"Not Markham—Jordan. I believe that Mr. Jordan should have the delegation from his own county. I think that is right," replied Mr. Kent.

Eli S. Denison, of the Fourth Ward, says that he is running railroads just now, and is not running politics. Mr. Denison is not inclined to commit himself as to his position on the gubernatorial fight, nor upon the Jordan-Markham combination.

In the Congressional district in which Oakland is situated the present representative, Joseph McKenna is without a formidable competitor. The defeat of Grove Johnson at the primary election in Sacramento excludes him from the contest, and practically leaves Mr. McKenna a clear field. Alameda county will send a delegation favorable to the nomination of Mr. McKenna. That Sacramento also will support Mr. McKenna is shown by the following telegrams from Postmaster Coleman and A. J. Rhoads.

SACRAMENTO, July 22d.

The Sacramento delegation will be for McKenna.

A. J. RHOADS.

SACRAMENTO, July 22d.

Delegation will, no doubt, be solid for McKenna.

J. D. COLEMAN.

On the Democratic side the Alameda county candidate, William D. English, was cheered, today, by the information that the delegation from Lake county has been instructed to favor the nomination of the doughty English.

The Republican primary in the city of Alameda next Saturday promises to be unusually lively. Alameda is entitled to five delegates, and a ticket has been arranged with the following names: T. G. Daniells, J. A. Waymire, J. N. Young, W. P. Jones and E. E. Tousch. An opposition has already been developed and W. A. Bissell, the railroad man, and Charles S. Neal, the ex-private secretary of J. G. Fair, are desirous of going to Sacramento as delegates. Alameda has been divided into two districts, the dividing line being Park street. Three delegates will be elected east of it and two west of it. The polls in the First district will be next to Judd's real estate office on Park street, and in the Second district in Justice Helm's court. Other candidates for delegates may crop up, and the successful ones will have to do some lively hustling. Most of those thus far mentioned are noncommittal on the choice for Governor.

NO CARPENTERS ARE IDLE.

A Stranger Could Not Believe That a Strike is in Progress.

The Builders Do Not Rescind the Black List Resolution—Carpenters Will Care for Men Out of Work.

Though the strike of the carpenters is formally still in progress there is no indication of it in the appearance of Broadway, where the men out of employment usually congregate. A few weeks ago dozens of idle carpenters could be met on the street, and this morning not one was to be seen, and inquiry for them was met with the response that they were all at work. The new association recently formed by the carpenters has given employment to most of the carpenters who had not before found employment, and at their shop on Tenth street half a dozen were, this morning, working away as lively as beavers. The Carpenters' Association has not received any more contracts, but the managers say they have several waiting to be signed. Said the Superintendent of the Carpenters' Association this morning: "Nearly all the men are at work in some place or another and we have no complaint to make. What the contractors are trying to do is to fill up the town with a lot of rat laborers from other towns. They will do most anything to break us down but they have not succeeded so far and they cannot succeed. We have opened the way for them to repeal their blacklist resolution, but they don't seem to want to meet us half way and I guess we can get along all right."

Last night the Carpenters' Union held a harmonious meeting. All the members seemed to be in the best of spirits and the strike was discussed in all its phases. It was decided to take care of all men on strike, and a resolution was adopted giving married men $10 and single men $5 a week, when out of work because of a strike. A register has been opened in the rooms of the Carpenters' Building Association on Tenth street where all carpenters may register their names. The members of the Union feel encouraged by the proffers of aid received from other labor organizations.

The Builders' Protective Association also had a meeting last night but nothing of any interest was done. The different members present reported that they had all the help they were in need of at present and nothing was said about the blacklist resolution which the carpenters are anxiously waiting to see repealed.

OUT ON THE AVE.

A Lively Night in the North Oakland District.

An unusual number of too festive driving parties of people of each sex kept the upper end of San Pablo avenue lively till 2 or 3 o'clock this morning. To offset the hilarious actions of the non-residents, a false rumor was circulated that Howard Shaw, the Duke of San Pablo, had dropped dead in his saloon, at the corner of San Pablo and Twenty-eighth street, and dozens of friends rushed about to learn the particulars.

Then about 11:30, George McLellan, a big athlete, was picked up in an apparently lifeless condition, by the gripman and conductor of a cable car and was first carried into White's saloon, then to the sidewalk. Dr. Graysmith was sent for and found life almost extinct from a blow on the head, probably received in falling from a buggy, coupled with some degree of alcoholism. After several hours the man recovered somewhat from the shock, but "Big George" was laid out for the first time in his life. His neck and back are badly sprained and it will be several weeks before he will be himself again.

TRAIN JUMPING.

A Boy Arrested While on His Way to Work.

William Clark, aged 14 years, who resides in Oakland, but who works for the Pawnee Indian Medicine Company in San Francisco, started to his place of employment as usual this morning, and as he jumped on the train after it had started he was arrested and taken to the City Prison. He explained the matter to the court, showed that he had his lunch in his pocket, and stated that he would be at work if he had not been arrested. He was there allowed to go.

Pat. O'Brien, a youngster, was arrested for a similar offense last night, and as he confessed to the court this morning that judgment had been suspended on him once before, he was ordered to appear tomorrow for sentence.

Marsh Land Reclamation.

A statement was printed in a morning paper that the owners of the marsh land in West Oakland intended incorporating a stock company, and reclaiming about thirty-four blocks of property. Councilman [illegible] W. S. O'Brien, and other residents in that vicinity stated, however, this morning that, as far as they know, no such venture was projected.

A Question of Veracity.

Sarah Baker says that Ann Branley disturbed her peace and therefore she had her arrested therefor. Ann in the court this morning said that such was not the case and on demanding a jury trial the case was set for the 29th inst.

Necrology.

Thomas E. O'Toole, aged nine months and fifteen days, died last night at the residence of his parents, Patrick and Hannah O'Toole, in Temescal, of cholera infantum. The body was buried this afternoon.

Oars for Health.

A meeting of the Board of Health is called for this evening.

DEGRADING PUPILS.

School Teachers Discuss a Rule of the Board.

PRINCIPAL CRAWFORD'S PROPOSITION.

A Majority of the Teachers Opposed to Setting Back Scholars Who Have Been Promoted.

A general teachers' meeting was held in the High school building yesterday afternoon. The meeting was called to order by Superintendent McClymonds.

Various school matters were explained by the Superintendent.

Principal Crawford of the Prescott school, called attention to the fact that under the present rules of the Board of Education, pupils could not be remanded to a lower grade after they had once been promoted from said grade on the judgment of the teacher and the principal. He thought this rule would impair the efficiency of the Department if strictly followed.

A very spirited discussion ensued, Mr. Crawford claiming that it was impossible for him, personally, to be able to decide whether every child in his school is fit for promotion.

The principals gave their views on the subject.

Mrs. N. D. Standford said she promoted all of whom her teachers were sure, and she personally investigated all those about whom there was any doubt.

Principal Crawford offered the following resolution:

Resolved, That principals may remand pupils to a lower grade when they may consider it necessary.

A rising vote was taken and the motion was lost.

The teachers evidently prefer to exercise their judgment as the Board allows them to at present and afterward to stand by it.

The general meeting was followed by lengthy grade meetings in each room of the building.

School Notes.

The teachers showed great interest in the new High School desks, after the recent discussions about them.

The tinting of the walls of the new High School building, and the artistic gas fixtures, came in for admiration.

The three large rooms of the High School are not able now to accommodate the teachers who "do gather" to discuss ways and means at the teachers' meetings. The superintendent ought to hire a hall.

The artistic drawing room had its share of visitors yesterday.

Some unruly Principal at every pa[illegible] the proceedings would "Move adjourn[illegible]."

Principal Frick forgot his political aspirations for the time being, in his efforts to hear the "wee small" voices of some of the teachers engaged in the discussion.

ALAMEDA TRUSTEES.

No Franchise for Use of the Electric Light Plant.

All the City Trustees of Alameda were present at the meeting last evening, and E. B. Mastick presided.

H. Mohns, in a communication, called attention to the danger from trains rounding the Sherman street curve, and asked that automatic bells be placed there to give warning of the approach of trains. Referred to Mr. Mastick to consult with the railroad authorities.

A petition was received from property owners on Mound street, asking that sidewalks be laid on both sides of the street between Central Avenue and Jefferson street. Referred to the street Superintendent.

An extension of fifteen days was granted to the Alameda Macadamizing Company to complete its contract for the improvement of Weber street and a similar extension was granted J. T. Brower on his contract to grade Clinton Avenue.

The Street Superintendent reported that he had entered into a contract with A. Laplant to relay the sewer in Santa Clara avenue, between Chestnut and Willow streets, the cost to be [illegible]. His action was approved by the Board.

Mr. Mastick stated that it would be necessary before many months to relay the sewer in Park street. The pipe is made of cement and in places had become disintegrated, so much so that it cannot be cleaned out.

The protest of Charles Sleeper against the laying of a sewer in Pacific avenue, between Davenport and Kellogg streets, was overruled. The protest against the improvement of Oak street, south of Clinton avenue, was sustained, and the hearing of the protest against the improvement of Clement avenue was fixed for next Monday evening.

A purchase of 10,000 carbons for the electric lights was ordered.

The City Clerk reported that only one bid was received for the erection of the new school-house at Bay street, and it was decided to extend the time for opening the bids one week.

The matter of granting the franchise for operating an incandescent electric light plant was considered, but no action was taken. Trustee Volberg opposed the franchise.

A big bundle of applications for liquor licenses was referred to the Committee on Police, to examine and report at the next meeting.

The board adjourned until Thursday evening when they will consider the ordinances, which have been arranged and codified by the City Recorder, and which it is proposed to publish in pamphlet form. They will also look at some models for street signs.

Alameda Notes.

The railroad company has four men employed in enumerating the paying passengers on the broad gauge train. Last week the deadhead travel on the narrow gauge road was counted.

David Hirschfeld and other property owners, on the east side of High street, have entered into contracts with the San Francisco Bridge Company, to have their low land filled in with the earth from the tidal canal excavation.

A Greek peanut vender on Park street named Peter Farmaker, received a good drubbing last evening at the hands of Johnnie Moysant for insulting his sister. The Greek thinks that he is a regular Apollo, and complaint has long been made of his actions in accosting young ladies passing by his stand. A few evenings ago he hailed Moysant's sister with the words "Hello, pretty." Young Moisant met the Greek last evening and demanded an explanation of his actions. A satisfactory one was not given, and the Greek now carries a badly scratched face as the result of the encounter with Moisant. Several other young men were waiting for the opportunity of treating the Greek as Moisant did.

THE LADIES CAPITULATE.

They Will Present a Pretty Message to the Native Sons.

Yesterday afternoon the Women's Committee of One Hundred met in the First Methodist Church, Mrs. J. H. Matthews presiding. Mrs. Matthews of the committee appointed to seek to remove the bars from the ferry boat reported progress and was granted further time.

The Native Sons came in for a good part of the discussion, and on motion of Mrs. M. G. C. Edholm the following committee was appointed to appear before the executive committee of the Native Sons of the Golden West and explain matters: Mrs. R. R. Johnston, Mrs. S. G. Chamberlain, Mrs. E. G. Snow, Mrs. J. G. Livermore, Mrs. J. N. Mathews, Mrs. L. P. Cutting and Mrs. S. C. Borland.

It is the intention of the ladies to request the Native Sons, as was asked the veterans at the time of the encampment of the Grand Army of the Republic, that no wine be presented at their coming celebration on Admission Day.

The ladies have made a masterly retreat from the position which the Native Sons called the hill of slander and appear willing to capitulate and to accept any conditions imposed by the young Californians.

CROSSTOWN ROAD.

The Franchise Again Before the City Council.

THE BOND ORDINANCE NOT CONSIDERED.

Contracts for Street Work—The Position of New Electric Lights—Deputies for the Tax Collector.

The City Council was a little slow in assembling last night and when the roll was called it was found that Councilman McAvoy and Hackett were numbered with the missing.

There was a lot of routine business on hand and the first disposed of was to grant permission to the Consolidated Piedmont Cable Company to sewer, grade and macadamize Eighth street from Washington to Clay at its own expense.

Mr. Kirk then presented a resolution calling for electric lights in the First, the Second and in the Seventh Wards to be placed as follows: North-west corner San Pablo Avenue and Thirty-fourth street; at the crossing of Thirty-fourth and Adeline stree's; three on B street at its intersection with Haven, Helen and Center streets; Broadway and Webster streets; Telegraph and Prospect Avenues; Plymouth and Telegraph Avenues; Fifth Avenue and Twentieth street; Sixth Avenue and Tenth street; Eighth Avenue and East Twenty-fourth street and Eleventh Avenue and Twenty-Third street.

Mr. Evans thought that the resolution should be referred to the Street Light and Lamp Post Committee in the usual way. He thought it was snap judgment to dispose of the matter in that fashion and he contended that the First Ward should have the lion's share of the sixty lights that are to be distributed in the city.

Mr. Camron, in reply, stated that with the exception of President Collins and and Mr. Evans all the members of the Council had been consulted regarding the proposed lights. They were to be placed in outlying districts, where a circuit has just been established.

Mr. Wakefield expressed himself of opinion that the lights were needed and on the question being put the resolution passed, Mr. Evans voting a solitary "no."

A resolution by Mr. Earl was read, to transfer $5274 75 from the General fund to the Water fund. It was referred to the Ordinance and Judiciary Committee, on motion of Mr. Camron.

A resolution was presented, authorizing the Tax Collector to employ six clerks "for the purpose of writing tax-bills, making indexes for the tax-rolls, and assisting in the collection of taxes, the clerks to be paid $100 a month for the time actually employed." The time deemed necessary for the engagement of the new officials was given as follows: Six clerks for three months, four clerks for two months, two clerks for one month. The work to commence on or about July 1st. The resolution was referred to the Auditing and Finance Committee.

An application from Councilman Towle, for leave of absence for sixty days from July 23d, was granted. He intends to make an Eastern trip.

The Annexation Suit.

A resolution was introduced by Mr. Evans, requesting the City Attorney and the special counsel employed for the city in the annexation test suit brought by Edson F. Adams to expedite matters as speedily as possible.

A short discussion followed in which it was stated that the resolution was unnecessary, as Mr. Johnson had already made overtures for pushing the matter through and was going over to San Francisco the next day to see Mr. Adam's attorneys. The resolution was therefore lost.

Mr. Wakefield was the originator of a resolution calling for the transfer of a loan of $6000 from the General to the School Fund, the money to be used for the erection of four additional school rooms at the Garfield school.

The proposition was opposed by Messrs. Evans and Earl who said that it would cripple the General Fund. The resolution was referred to the Finance Committee.

The Board of Public Works was instructed to cause the removal of all obstructions in the line of Filbert street, between Twenty-second and Twenty-fourth streets, and to employ all the necessary labor for the work.

J. S. White, J. L. Bromley and J. R. Brett were appointed Commissioners to attend to the condemnation proceedings against Edward Gill in the matter of the opening of Filbert street, between Twenty-first and Twenty-fourth streets.

The Contra Costa Company was asked to place hydrants at the following places: Twenty-fourth and Grove, Twenty-first and Broadway, Twenty-third and Broadway, Twenty-fourth and Webster.

Salaries of city employes for this month were ordered paid on or after July 25th.

The Cross Town Railroad.

As predicted in yesterday's TRIBUNE, the ordinance granting to G. W. McNear, J. W. Coleman, W. D. English, and others a franchise for an electric street railroad was introduced and read for the first time. The route is defined as follows: Commencing at the place on Seventeenth street, where it is crossed by the Northern Railway Company, along Seventeenth street to Center, to Sixteenth, to Grove, to Thirteenth, to Oak, to Twelfth, to East Twelfth street, to Third avenue, to East Sixteenth street, to Thirteenth avenue, to East Fourteenth street, to Fifteenth avenue, to East Fifteenth street, to Twenty-third avenue.

Also commencing at the corner of Center and Eighth streets and running along Eighth to Grove, to Thirteenth street.

The tracks are to be single or double, not more than four feet between rails, and fare is not to exceed 5 cents. Construction is to commence six months from the date of the ordinance, and be completed a year after, and a bond of $20,000 is to be filed within thirty days. Cars are to run at least every ten minutes from 7 A. M. to 7 P. M. each day. The poles are to be placed on the sidewalks immediately adjoining the curbs and are to be of iron. The hanging arms are to be of wood. At the expiration of five years after the completion of the railroad, and thenceforth semi-annually, it is to pay a percentage of its gross receipts to the city. The ordinance was referred to the Ordinance and Judiciary Committee.

The report of the Investigating Committee, recommending that the license of Jackson & Dickenson, the Seventh street saloonkeepers, be not revoked, was adopted.

Street Work.

The following resolutions of intention were adopted: Curbing and grading Center street, from B street to Emery street; grading, curbing, etc., Louisa street, from A to Peralta street; to lay bituminous rock sidewalks on Harlan street, from Peralta street to the city limits, and on A street, from Peralta to Center street; to lay cement sidewalks on Thirty-fifth street, from Grove to West, with a few exceptions; to grade, curb and macadamize Thirty-fifth street, from Grove street to Telegraph avenue; to sewer Summit street, from Orchard street to Prospect avenue; to regrade, recurb, etc., Thirty-second street, from Market to West streets; to grade, curb, etc., Thirty-fifth street, from San Pablo avenue to Market street.

The former resolution for street work on Third street was rescinded.

Mr. Collins asked for a reconsideration of the vote whereby the liquor license of Michael Foley was revoked, saying that there had been a misunderstanding. The matter was temporarily laid over.

Edson Adams's appeal from the assessment for street work on Oak street was read.

Mayor Glascock's approval of the following ordinances was announced: Establishing the official curb grades on Linden street, from Twenty-first street to San Pablo avenue; changing the width of the sidewalks on Thirty-fifth street, from market street to San Pablo avenue; establishing the official curb grades on Webster avenue, from Broadway to the city limits.

A resolution was adopted overruling the protest of J. H. Thomas against the opening of Central avenue, or East Twelfth street, from Park avenue to Twenty-third avenue, to a uniform width of eighty feet, and the protest of M. Cleary against the sewering of Twelfth street, between Jackson and Alice, was also overruled.

Mr. Evans presented a resolution which called for the designation by macadamizing companies of routes through the city by which they would haul their macadam for other places, and compelling them to keep the routes in repair. It was referred to the Ordinance and Judiciary Committee.

An ordinance for the prevention of injury to sidewalks was sent to the same committee, as did also the following ordinances: Appropriating $2800 from the General fund of 1890-91; for the construction of a two-story fire engine house in North Oakland; authorizing the Board of Public Works to purchase twenty fire alarm boxes; appropriating $32,500 for dredging and wharf construction; establishing the official curb grades on Summit street, from Prospect avenue to Central place.

Mr. Collins's request about Foley's license was then taken up and a resolution was passed granting him permission to conduct a saloon at 1687 Atlantic street.

Prayers From the People.

The following petitions were read: For a sidewalk on Eleventh street, from Washington to Market; for sewering block 20, between East Fourteenth and East Fifteenth street; for sewering Elm street, from Plymouth avenue to 300 feet south; for paving east side of Broadway, from Fifteenth to Durant, and upon the west side of Telegraph avenue and Broadway to Nineteenth street, for the purpose of laying a bituminous rock pavement under private contract; to establish the official grade on East Twenty-first street, from Thirteenth to Nineteenth avenues; for electric light at the corner of East Eighteenth street and Tenth avenue; for grading, etc., East Fifteenth street, from Nineteenth to Twenty-third avenues; for a sewer in Twenty-sixth street, from Myrtle to Filbert streets; for a sewer in the alley in block 27, between Eighteenth and Nineteenth avenues; for sewer along the alley, between East Fifteenth and East Sixteenth streets and in vicinity. They were referred to the Board of Public Works and the appropriate committees.

Permission was granted to Peter Thomson et al. to pave the east side of Broadway from Fifteenth street to Durant, and upon the west side from Telegraph avenue and Broadway to Nineteenth street.

Street contracts were awarded as follows: Sewering Broadway from Brook street to city limits, to Ed Cavanaugh; sewering Eighth street from Poplar to Union streets, to P. Heverin; grading, etc., East Twentieth street from Fifth to Ninth avenues, to Alameda Macadamizing Co; grading, etc., Seventeenth avenue from East Eighteenth to East Twenty-third street, to Alameda Macadamizing Company.

A. Brand's protest against the sewering of Twenty-third avenue was overruled, no one appearing to support it.

Protest against the opening of Fifteenth street, from Center to Peralta streets and against the macadamizing of Ettie street, were referred to the Street Committee, as was also the appeal of Nicholas Luning from the assessment of street work on Isabella street.

The bond of W. D. Perine to keep the sidewalks in repair on both sides of Grove street, from San Pablo avenue to the city limits, was also referred to the Street Committee.

Proposals for street work were opened, and the contract for sewering Eighth street, from Washington street to 150 feet east, was given to John Geary.

A welcome motion to adjourn until Monday next was then made, and carried.

Mr. Dixon on the Sabbath.

The discourse on Sabbath observance by the Rev. Frank Dixon of East Oakland, printed in these columns yesterday, was remarkable because of the force with which his theme was handled and because the titbits which it throws on the mental attitude of the preacher. Thus Mr. Dixon says:

We cannot investigate any subject wisely unless we love the truth more than our preconceptions of the truth. Coming to the Scriptures with a doctrine already established, we may most certainly find support for it there, no matter what it is, but it will be such support as we read into the text rather than out of it. Our demonstration would be purely subjective. To search the Scriptures with this sole motive is rascality, no matter how pious the spectacles through which we gaze.

Nevertheless, this has been, with very few exceptions, the mental attitude with which the theologian has approached the sacred writings and the facts of the universe, and it is the reason why theology has never taken the rank of science. They are not searchers after truth, but searchers for what they believe to be true.

Speaking of the cruelties of the Mosaic law, Mr. Dixon says:

A man was caught in the wilderness gathering sticks on the Sabbath day. This man knew it had been decreed that "whosoever doeth any work on the Sabbath day should be put to death." He was brought before Moses for trial. "Slay him," said Moses, and the obedient people dragged the poor wretch outside the camp, and stoned him till dead. Let the modern nerve not be too greatly shocked by the story of such monstrous bloody cruelty thirty-five centuries ago; rather let us hope that thirty-five more centuries will not pass before the public conscience has become too sensitive to tolerate the brutal "exhibitions of skill," issuing in blood and ghastly murder, under the patronage and supervision of our clubs. Be careful, lest the light we hold up to reveal ancient atrocities, under religious recognition discover, at the same time, our own hideous moral deformities. We had better look upon the Mosaic law charitably.

Here we have distinct recognition of the fact that the morality of one age or stage of civilization is not that of another, and that it will not do to judge one by the other. It is a recognition of the doctrine of evolution, as applied to morality, and Mr. Dixon's position is supported by the facts of history. Suppose we apply it. The existing stage of civilization in Russia is centuries behind that of America. Shall we then judge the Czar's treatment of the Nihilists by the standard of American morality? Or shall we condemn a North American Indian for taking a scalp, which he has been taught to regard as a passport to the happy hunting grounds?

In Mr. Dixon's eminently sane view of the Sabbath as a day of rest, we concur, if rest includes recreation as well as worship. The Sabbath is a means, but it has been worshiped as an end in itself.

McKenna's Nomination Assured.

The result of the Sacramento primaries in favor of the delegates who are known to favor the renomination of Representative McKenna removes all shadow of opposition to him, and makes it certain that he will be the choice of the party by acclamation. He will have no opposition in Alameda county, and Solano and Contra Costa are equally certain to be for him. With these four counties assured, and no fight against him in any of the others, the result cannot be doubtful, and it is not likely that any other name will be presented to the Convention. It is a wise conclusion and leaves the interests of the district in the hands of the man best qualified to obtain a hearing for our needs from Congress.

The publishers of paper-covered novels are making a hard fight against the bill which classifies their issues for postal purposes not as periodicals, but as third-class matter chargeable at the rate of one cent for every two ounces. Mr. Wanamaker favors the bill in a lengthy report, which concludes:

And just here it is not inappropriate to say that a good deal of false sentiment has been indulged in by publishers and their advocates as to the beneficence of the government in fostering the issue of cheap books. In the first place, postage rates are not based on sentiment; and, secondly, other influences have had immeasurably greater control over these things than statutes. The lightning press, the folding machine, the roll instead of the sheet of paper for printing purposes, the more economical packing and freighting of materials, the introduction of wood paper, the absence of an international copyright law, enabling publishers to reprint books without authorial expenses; the increasing wealth of the country, bringing about increasing demands—all these have brought cheap literature into existence; and these, with further and perhaps more potent influence yet to come, no matter what may be the rates of postage, will encourage it more and more, until the poorest man in the land can have his library, even if it be in ungilded covers, at a price which will not seriously trench upon his other and less intellectual wants.

That is true, but it is all as true of newspapers and magazines as it is of books.

It seems to be expected of the leaders of the Democracy in San Francisco this season that they shall appear in such garb as fits them to move in the best circles. Thus ex-Senator John Dougherty is reported as having shown up last night, as chairman of the Democratic County Committee in a suit of fashionable cut, and all the furniture of a tiptop Democratic dude. It is believed that he is practicing in secret the wearing of the single eyeglass. Thus is the precept and example of the Master doing its perfect work.

It is the misfortune of every great achievement like that of Salvator in breaking a record, that it inspires some idiot to make himself or herself conspicuous. Salvator's victory over Tenny appears to have that effect on Ella Wheeler Wilcox, in whom the spirit was moved to verse like this:

Half way down the furlong their heads are together,
Scarce room 'twixt their noses to wedge in a feather.
Past grand stand, and Judges, in neck to neck strife.
Ah, Salvator, boy! 'tis the race of your life.

* * * * * * *

My heart is contracted, my throat feels a lump—
For Tenny's long neck is at Salvator's rump.
And now with new courage, grown bolder and bolder,
I see him once more running shoulder to shoulder.

* * * * * * *

'Twas a neck to neck contest, a grand, honest race,
And even his enemies grant him his place.
Down into the dust let old records be hurled,
And hang out our flag in the gaze of the world.

Hopelessly commonplace sentiment, lame metre, and the offensive slang of the turf.

The Santa Cruz *Sentinel* comes out with an argument a column long to prove that Santa Cruz is a moral town. We did not know that the town was on trial, or that such laborious proof and protest was needed, for indeed the only fact we know which might cast a doubt on its moral character is that the National Guard shows so strong a preference for it as a place of encampment.

Representatives Morrow and McKenna have remained steadily attending to business at Washington, notwithstanding the personal importance of the State campaign to them. The people who know how to appreciate faithful service, will not allow their interests to suffer because the State has need of them in the National Capital.

CURRENT POLITICS.

The Shasta county delegates to the Republican State Convention are instructed for Chipman for Governor.

At the primary election held last Saturday, the following named Republicans were elected to the State Convention from Monterey county: H. L. Bradford, C. S. Abbott, John T. Porter, G. A. Dougherty, W. J. Hill, C. T. Ramle, C. E. Montgomery, A. J. Copley, T. T. Tidball and H. E. Kent. The delegates all go uninstructed.

The *Call* says there is a rumor to the effect that a combination has been formed between English and Coleman whereby the latter is to have the second place on the ticket, provided that the two by uniting forces can control the convention. This is hardly to be credited, and is, moreover, highly improbable, as from the fact that Tarpey, who is one of Coleman's managers, is at war with English, it is safe to assume that he would not consent to any such coalition.

The candid editor of the Yreka *Journal* remarks: "We are constantly receiving marked copies of papers containing notices of would-be candidates for State offices and for Congressmen, not only Republican but Democratic, both sides evidently thinking we have great influence to help along their aspirations. They are all good men probably, so far as we know, with one exception. And that one is G. F. Harris, of Modoc county, as a candidate for Supreme Judge on the Democratic ticket. The party will be very hard up for decent material if he be chosen as the standard bearer."

Dr. Dodson of the Red Bluff *Sentinel* comes out strongly for General Chipman for the nomination for Governor, and takes the friends of Colonel Markham to task for claiming that the southern counties furnished the greatest Republican majority and carried the State for Harrison. It points to the fact that Alameda, Sacramento, and Humboldt cast a larger majority for Harrison than the combined south counties, and that while the total Republican vote in the State for Harrison was 124,782, the south gave of these 26.06 per cent only. It is also shown that the counties of Alameda, Sacramento, Solonia, San Joaquin, and Humboldt cast 29 Republican votes more than the combined south; and again, that while the entire Republican majority of all counties was 11,026, the south gave of that only 1264. The inference is drawn that the seat of Republican empire in California is not, as has been claimed, south of Tehachapi, but in the north.

THE OMNIBUS.

A small sack of pounded onions tied about your neck will assist you materially in getting to sleep. But if you would prefer to be hung, that, of course, is your business.—*Oil City Blizzard.*

The invention of smokeless powder has been followed by a counter invention in the shape of a "smoke rocket," to be used to screen the advance of a body of troops. It has been tried with success.

Thomas Stevens is about to start on a horseback ride through Russia, from Moscow to Crimea, his object being to get "a glimpse of the better side of Russia and the Russians as an offset to Mr. Kennan's dismal picture of the Siberian exiles and their woes."

The largest and heaviest building stone ever quarried in England was taken from the Plumpton quarry, near Norwich, in February, 1889. It was in one piece, without crack or flaw, and weighed over thirty-five tons; it was 15 feet long, 6 feet high and 5 feet wide.

A number of clergymen in New York have undertaken to reform the politics of that sinful town. They will nominate an independent ticket representing the moral element of the city, and endeavor to redeem the municipal government from the control of corrupt men.

While two men were hunting cows near Fort Meyers, Fla., their dogs treed a large black bear. They determined to secure the animal, but had no weapons except pocket knives. These they tied to long poles, and reaching the tree after the bear, thrust their knives into its neck until they cut an artery, when it bled to death.

H. A. Martin of Bennington, Vt., has started a novel business by selling privileges to fish in his trout streams, the angler paying so much per pound for the fish he catches. This seems to be a move even in the interest of truth and veracity, as Mr. Martin will constantly hold a check over the fish liar, in the shape of a pair of scales.

When the wife of the Shah of Persia arrived in Berlin the reporters made prodigious efforts to get a glimpse of the lady's face. But their efforts were in vain, for on all occasions the lady wore a veil extending from just below her eyes to the hem of her skirt. The Shah's wife is of short and chunky stature. She dresses in quiet fashion.

A lignite sugar refinery has been established in Philadelphia for utilizing "black strap," the refuse of molasses. Hitherto this substance has been used in making rum, but the product has always been in excess of the demand. The inventor claims that the process will revolutionize the sugar industry. It is clarified through pulverized lignite.

THIRTY DAYS.

Little Tommy Maloney Will Take a Long Rest.

The necessity for an industrial school here was noticeably illustrated in the Police Court this morning, when little Tommy Maloney was called on to receive sentence for petit larceny. Justice Ogden, after looking sternly at little Tommy, who at once endeavored to change his smile to a penitent expression, told him he would have to go to prison.

"I do not like to send such a small boy as you to jail," said the court, "but you are incorrigible, and there is no other place to keep you. Thirty days."

Tommy sat down and resumed smiling.

The Contra Costa *Democrat* says: Miss Ettie Watkins left on Sunday last for Oakland, where she will reside with her uncle, Mr. S. M. Fortier, and will open a class in music and French.

Mrs. Charlotte Towne, of Oakland, is a guest of her cousin, Mrs. George E. Church, at Fresno. She accompanies Mr. and Mrs. Church and sons this week on a pleasure trip to the Yosemite.

Mrs. M. C. Vincent has resigned her position in Mills College, and leaves today for England, where she goes to look after property interests for her son Harold, who accompanies her. Mrs. Vincent has taught continuously in this state for the past twenty-four years, and will no doubt greatly enjoy the change afforded by the trip abroad.

Last Saturday evening the San Francisco Letter Carriers' Association gave their midsummer high jinks at B'nai B'rith Hall. A splendid banquet was the feature of the evening, and songs and recitations livened up the entertainment. Among the Oakland Post-office clerks and carriers in attendance were Messrs. Kilton, Littrell, Hughes, Belden, Sedgeley, Morrison, and Healey. They participated in the entertainment. Mr. Sedgeley delivered an inspiring address, and Joe Healey is reported to have attempted to sing Annie Rooney.

Referring to the engagement of Miss Bessie Adams of this city and John P. Jackson, the San Francisco *Chronicle* prints the following: "Miss Adams is a very handsome and accomplished young lady, and a favorite in society circles on both sides of the bay, while Mr. Jackson is also deservedly popular with all who know him. He was for several years in the County Clerk's office at the new City Hall, but is now assisting his father, who is the recently appointed United States Sub-Treasurer. The wedding will take place in the latter part of September.

Violet's Poor Heart.

To the Editor of The Tribune—Sir: I say three cheers for Willamette's public opinion of our boys, for nine-tenths of them are N. G., while those who are marriageable seek their brides in other cities, or do not want to marry at all. We girls have long rebelled against their obstinance and would heartily thank Willamette if he could give us a hint, through your editorial columns, as to how we can capture these much-talked of widowers, bachelors, etc., both young and old, without having to spend money out for, perhaps, a disappointed and foolish adventure. We would all like to be loved by some honest, respectable man. I, for one, would go to the north pole with him.

What's the matter with Willamette? Too old? Not a bit of it. Why, he is just the one we are looking for—rather an old man's darling than a young man's slave. Although a young man would be quite acceptable if he were lovable, honest, and respectable.

Awaiting an answer, I am His respectfully, VIOLET W. A——

Several months ago, Mr. Henry Plummer, of Clements, Cal., who is subject to cramps, was taken with a severe attack. He had been accustomed to get relief by dosing with morphine, but the disagreeable effect that followed would make him miserable for hours after the cramps had been relieved. I persuaded him to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was much pleased with it, as its effect was almost instantaneous, and no disagreeable after effects accompanied its use. CLOSED ON SUNDAY.

The Saloons of the College Town of Berkeley.

THE NEW LIQUOR LICENSE ORDINANCE.

A License of One Hundred Dollars a Quarter to be Charged—The Haste Street Case.

The Town Trustees of Berkeley met last evening, Trustee Landregan absent. A petition for the appointment of poundmaster was received from Harry Hughes of North Berkeley, and was granted.

It was reported by a West Berkeley Trustee that two saloon keepers in that town who had been refused licenses were still selling liquor. The Marshal was instructed to look into the matter.

Town Attorney Robinson presented a written opinion to the effect that the town had not purchased the franchise of the electric light plant when it purchased the plant. The opinion was based on the documents in possession of the board and on several Supreme Court decisions.

The Attorney was requested to confer with Judge Gibson, and ask if he will render a decision in the Haste street matter as soon as is practicable.

The liquor ordinance was then taken from the table, and read for the second time. The clause requiring five residents of the block in which a saloon is to be situated to recommend the applicant for a license was amended so as to read, "five residents nearest to the saloon." The clause prohibiting screens, frosted windows, etc., was allowed to stand, after some discussion. The clause regarding the time of closing was amended to read from 11 P. M. to 7 A. M. The ordinance was then passed by an unanimous vote of the board. Saloons will, therefore, now be closed on Sundays, and will pay $100 per quarter license.

Berkeley Notes.

George E. Church has returned from Fresno, where he has been spending his vacation.

J. P. Booth has returned from Lake Tahoe, where he has been spending a month's vacation.

Richard B. Snell, principal of Snell Seminary, Oakland, visited Berkeley yesterday afternoon.

A meeting will probably be held this evening in the Odd Fellows' Hall for the purpose of organizing a Republican Club. A caucus will be held by the members of the club Thursday or Friday night, for the purpose of nominating two delegates to the State Convention.

Ex-Justice Morris has been served with the warrant for his arrest on a charge of perjury. Judge Morris states that Armstrong, who is the prosecuting witness in the perjury case, remarked in the presence of two witnesses that he did not "expect to convict Morris, but it would worry him considerably."

Golden Gate.

The frame of a two-story house has just been erected on San Pablo avenue, opposite the Del Monte Hotel.

Township Constable Page has engaged a gardener to lay out the front part of his property on San Pablo avenue.

The Beblow tract looks much better now. The gum tree grove has been cut down, the wood removed, and the branches burned.

Up to date there appear to be no aspirants in this place for the honors of delegate to the State Republican Convention. Oakland Township, outside of Oakland City, and exclusive of the two Berkeleys, will have the election of two delegates. One will probably be chosen from this vicinity and one from Temescal.

Promising Peralta.

The new Postoffice commenced business Monday morning.

Miss Carrie Spence is visiting with the family of William Taynton.

Miss Lizzie Taynton, in company with Miss Germain of Lorin, will spend several days in Ygnacio valley, Contra Costa county.

Nineteen of the freeholders of promising Peralta assembled last evening in the new Postoffice to discuss the woe and weal, the water that is not, and the sewers that ought to be, in that burg. W. R. Batten called the meeting to order, and stated that the meeting had assembled to discuss the condition as to water, sewerage, and lights, and called for the nomination of officers. J. J. Ross was chosen chairman and Mr. Haywood Secretary. After some discussion a committee consisting of Messrs. Batten, Bohrer, Rose, and Aul was appointed to confer with the Lorin people to ascertain if it were possible to connect with their proposed sewer system. This committee will be present at the Board of Health meeting in Lorin tonight. The same committee was also empowered to see what could be done in the way of getting an electric light established at Newbury from the Berkeley system. After some more discussion on kindred subjects the meeting adjourned.

KIND TO THE HELPLESS.

A Society to Prevent Cruelty to Children and to Animals.

A new society has been organized known as the "Humane Society of the County of Alameda." Its prime object is to prevent cruelty to animals and children. The officers elected for the first year are: President, W. E. Dargie; Vice-President, A. W. Bishop; Treasurer, J. P. G. Kenna; Secretary, Robert W. Theobald; and Dr. Carpenter, Veterinary Surgeon. The other directors are John P. Irish and W. W. Blow. The office is at rooms 32 and 33, Blake Building, corner Washington and Twelfth streets. The membership fee is $5. There is no capital stock, but the society consists of regular and honorary members and patrons. Any person in sympathy with the objects of the society may become a member upon payment of the fee or a life member by the payment of $50.

The society will investigate all complaints of cruelty to children or animals made to it.

SOMETHING TO STUDY.

The Values and Tax Levies for the Past Ten Years.

To facilitate investigation for the tax levy for this year, and as a source of information in the report that Auditor Snow is preparing, the following complete statement of the assessed value of city property and the rate of taxation from 1880 to 1889 was completed in the Assessor's office this morning:

1881	28,288,681	1 01	285,210 17

*Annexed district.

A 95 cent rate for this year is very probable.

THE PORKER AND THE BEANS.

Mr. Tom Mark's Curious Advertisement Receives Attention Abroad.

George C. Rowell & Co. have a publication, *Printers' Ink*, issued in the interest of advertisers. A department of this bright publication is devoted to curious advertisements, or such advertisements as Rowell & Co. think of such unusual merit as to be worthy of reproduction. In the last number we find an advertisement of the Log Cabin Bakery, which ran in THE TRIBUNE during the month of June, and which was the idea of Tom Ward of Ward Brothers. It was the Log Cabin's pork and bean advertisement, in which a cut of porker and a row of beans appeared. The advertisement was an unusually attractive one, and as such received a place of distinction in *Printers' Ink*.

MR. DIXON ON THE SABBATH.

The Legal Right of a Man to Curse the Churches on Sunday.

The opinions of the Rev. Frank Dixon, pastor of the Tenth Avenue Baptist Church, upon the liberty of the Sabbath, whatever day of the week may be selected as the Sabbath, expressed in his elaborate article, printed yesterday in THE TRIBUNE are unusual but not sensational. The article has already attracted a vast amount of attention. Because of the interest taken in Mr. Dixon's article special attention is directed to a typographical error that reverses what the pastor wrote. The sentence as Mr. Dixon wrote it, is as follows: "If any man wants to sit out on his back fence and curse churches, all day Sunday, no man will be quicker than I to *protect* (not 'crate at') his legal right to this pastime."

THE LOTTERY CASES.

The District Attorney Pushes Them to an Issue.

Four of the old Chinese lottery cases were called in the Police Court this morning, and the attorneys for the defense asked for another continuance until Saturday.

Prosecuting Attorney Church then announced the stand the District Attorney's office had taken, by stating that he would consent to the continuance only on the condition that the cases should be disposed of on Saturday, if set for that day. They had been hanging fire long enough, he said. The court made the order as requested.

Justice Court Suits.

The following suits have been filed in Justice Ogden's Court since his return:

Pacific Land Investment Company against W. P. Wyand for $60 due for rent of a house.

Owen Lafferty against Lucy H. Sawyer for $152 90 for meat sold and delivered.

Why don't you dilute life a little with pleasure, it will measure longer and materially increase its points. Up here there are lots of points you might get on to if you are a good climber. Fifteen hundred feet above where the Colonels play ball I have found the finest place on earth. The opposite side of the canyon looks like a grand old park expressly set on edge, so you can see the whole of it. Elegant climate. Life renewing waters, combined with luxurious cleanliness free from all the discomforts universally found away from the coast during the summer months. All kinds of fish and game in their season. Music from the jabbering waters 200 feet below. Your daylight hours of reading, strolling, and other pleasures; your meal hours and mid-day siesta; your square up and down all-night rest and slumber, are all unmixed, uninterrupted joy. No flies or fleas to worry the daylights out of you by day; no mosquitoes or bedbugs to worry the daylight into you by night. Here your daily food is presented with such freshness and neatness as to be irresistibly appetising. At night you straighten out upon good beds, with linen "clean as wax" and as sweetly aromatic as new mown hay or fresh spring butter from cows who fed on the wettest clover. Thirty consecutive years of successful catering to the public at this one place has proven the Elder Reop to be the best old time, thoroughbred, high-toned, all-around landlord in the State. L. W. OUT AT SAN LEANDRO.

Resignation of the Pastor of the Presbyterian Church.

The Profits From One Acre of Land Planted in Royal Ann Cherry Trees—Society Notes.

Miss Fanny Wilson of San Francisco is visiting Miss M. Metz.

Miss Ethel Burnett returned Saturday from a visit to San Francisco.

Mrs. G. P. Thomas is visiting her uncle, at his ranch near Red Bluff.

Miss Etta Dexter visited friends in San Francisco Saturday and Sunday.

A. Ulrich of San Francisco was a guest at the residence of Rev. J. F. Cherry Sunday.

Mr. and Mrs. Gallaghar of San Francisco, are visiting at the residence of J. Knaugh.

Mr. and Mrs. A. Howe of San Francisco, were guests at the residence of S. S. Sanl, Sunday.

Miss May Preston of Byron, has been the guest of Miss Nellie Sturtevant during the past week.

The ladies of the Presbyterian Church will give a lawn social on the church grounds, on Friday evening, July 25th.

Dr. A. J. Dean of Haywards, has recovered from his recent attack of diphtheria and was in town on Saturday looking after his patients.

E. M. Brickey, former proprietor of the corner drug store, has gone from Grand Junction, Colorado, where he intended, to locate to Denver City.

Rev. W. F. B. Lynch has resigned the pastorate of the Presbyterian Church. Owing to his poor health, Mr. Lynch has been compelled to take this step, much to the regret of his congregation. Rev. Mr. Merrill occupied the pulpit on Sunday morning and evening last.

Station agent, McDonald, is the authority for the statement, that the business at the San Leandro station is twice as much as at any other on this branch. From three to six cars are sent out each day carrying as much freight as the amount from San Lorenzo and Haywards put together.

On Friday last, the five year old son of Capt. Murray, a whaler now in the Arctic, fell off a hay wagon and received fatal injuries. The wagon passed over both legs, breaking one, in three places, and tearing the flesh of the other limb to the bone. The unfortunate child survived until Monday morning at two o'clock, when death relieved its sufferings.

The yield of less than one acre of land in San Leandro, planted to Royal Ann cherry trees, for this season was 700 boxes, out of which 646 boxes sold on an average of 75 cents per box, which gives a total of $507.35. The expenses incurred for cultivation, picking, commission, etc., amounted to $170.20, leaving a remainder of $337.15. The cherries were the largest shipped from San Leandro this season. The trees are nine years old, and the land, which is a portion of a five-acre tract formerly owned by C. E. Palmer, was recently purchased by J. E. Quinn and brother. J. D. Quinn, of Benicia, from W. J. Landers.

On Thursday evening last Miss Nellie Sturtevant was given a surprise party at her home, by a number of young friends. The young folks met at the residence of Miss Freida Baumberger, and from there proceeded to the Sturtevant residence, where the young hostess, taken entirely by surprise, received them in a very hospitable manner. The evening was devoted to playing games, singing and dancing. Light refreshments were served during the evening, and, shortly after midnight, all departed for their respective homes. Those present were the Misses Frieda Baumberger, Lizzie Oliver, Mary Oliver; Hattie Nye, of Oakland; Bertha Baumberger, Laura Knaugh, May Preston, of Byron; Carrie Knaugh, Lucy Sturtevant, Nellie Sturtevant, W. Gaiyne, Dailey Kinsell, E. A. Watkins, A. J. Gooch, F. Gemming, N. T. Sturtevant and Hugh Sturtevant.

ASSESSMENTS REDUCED.

Proceedings of the County Board of Equalization.

The County Board of Equalization met yesterday afternoon at the conclusion of the session of the Board of Supervisors. There were present Supervisors Brown, Bailey, Morgan, Martin and Pelouze.

James Adams asked that his assessment be reduced on a mortgage from $2000 to $1000 on San Lorenzo property, as $2000 has been paid on the mortgage prior to March 1st last. It was so ordered as the Assessor had no objection.

Mary A. Avery of Lorin, asked to have property assessed at $14,875, reduced to $11,000 to conform with the assessment of surrounding property and the matter was taken under advisement.

County Assessor Molloy petitioned the Board to correct the assessment of the Stone Estate in Eden Township from $1825 to $150. The personal property, he said, had all been sold except a horse and buggy valued at that amount. An order was made to that effect and the Board adjourned until Friday next.

JUSTICE OGDEN'S TRIP.

What the Magistrate Saw in the Great Northwest.

Justice of the Peace Frank B. Ogden returned last Friday from his trip through Oregon. The Judge had a pleasant trip, and was much interested in what he saw. "The trip was a delightful one," he said. "Oregon is a fine State, and the people all seem happy and contented. In the southern portion of the State the people do not have much to worry them, but they are away behind the times. Portland is a beautiful city, and does not seem as large as Oakland. They are away ahead of us up there in the way of improvements. Their High school is a handsome edifice, and their new Post-office building is a beauty. They have some splendid hotel buildings also. When I saw them and thought of Oakland, it just made me sick to think of the lack of enterprise in this city."

The Judge is a firm advocate of improvements, and favors the issuance of bonds to make them.

STREET WORK.

Recommendations by the Board of Public Works.

At a special meeting of the Board of Public Works, yesterday afternoon, the following business was disposed of: Recommending that the petition of G. W. Manuel et al., for a cement side-walk on Broadway from Durant street to the boundary limits, be granted; requesting the Council to authorize the expenditure of an amount, not to exceed $300, for the erection of a windmill and tank at a point convenient to the roadway leading from Lake Merritt to the northern boundary limits; recommending the opening of Seventeenth street; and the construction of a cement sidewalk on Twenty-fifth street, between San Pablo avenue and Grove street.

Restored to Capacity.

John Lienan appeared before Judge Greene yesterday morning and was restored to capacity. He was discharged from the insane asylum in 1884.

DELGER STREET.

A Request for a Reduction of Width of the Sidewalks.

A petition was this morning filed with the City Clerk asking for the passage of an ordinance fixing the width of the sidewalks on Delger street at ten feet on each side of said street from the east line of Telegraph avenue to the west line of Webster street. It is narrated that the street is now less than 60 feet wide and 28 feet or nearly one-half of the street is taken up by sidewalks so that a common stone wagon, truck or hay wagon cannot turn without driving on or backing upon the sidewalk.

The document is signed by Geo. H. Fogg, Peter Thompson and Mrs. Galen M. Fisher representing 874 feet of frontage.

NEW CORPORATION.

The Purposes of the Pacific Coast Amalgamating Company.

The Pacific Coast Amalgamating Company has incorporated in this city for the purpose of buying and selling mining and milling machinery, also patent rights or inventions pertaining to mining or milling machinery; to buy and sell real estate; operate mines and mills etc. The capital stock is $100,000 divided into $10,000 shares of the value of ten each to which A. P. Holland, E. E. Fall, John H. Hobart, have subscribed each for 150 shares and Abner H. Stocker and J. N. Fall each for ten shares. The shareholders are also the directors of the corporation.

Penny Wisdom—Pound Folly.

It is foolish to save the little that SOZODONT costs, and suffer what will result in bad teeth and large payments to dentists. Place a bottle of it on the toilet, use five drops only of it every time after eating, cleanse the mouth, and show your wisdom.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced. It seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

CHRISTIAN WOMEN.

A Building to Be Erected by a Benevolent Association.

Yesterday afternoon the Woman's Christian Association met at California Hall. Mrs. L. R. Parker occupied the chair, and the session was opened by prayer by Mrs. H. H. Lawrence, and the singing was led by Mrs. Coggeswell.

In the absence of Mrs. S. G. Chamberlain, the treasurer, Mrs. Curtis reported receipts for the month of $40 25, and disbursements amounting to $30 85.

Mrs. E. H. Wolfenden, the city visitor, gave a report of the picnic tendered to 100 mothers and children at Beulah Park, and Mrs. Baker reported an increasing interest in the mothers' meetings, which are held at 2:30 every Friday at 1013 Clay street.

The sewing school is progressing, and Mrs. Emma E. Page, the home visitor, has returned from an Eastern visit, and will take her place as superintendent once more.

The association is prospering, having recently bought a lot on Franklin street, near Nineteenth street, and steps will be taken soon to erect a building on it.

AN OLD SOLDIER'S STORY: In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea, since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all my old comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, E. A. BENDING, Halsey, Ore. For sale by Kirkland & Trowbridge.

HE DID NOT DIE.

A Debtor Who Was Said to Have Consumption.

AN ATTORNEY MADE A COMPROMISE.

The Creditor Is Dissatisfied and Wants the Consumptive to Pay the Full Amount Due.

Some three years ago A. J. Wilkerson secured a judgment against H. W. Massey for the sum of $888. The judgment was not satisfied, and the friends of Massey endeavored to compromise the matter. They represented to I. B. L. Brandt, the attorney for the plaintiff, that Massey did not have a dollar in the world and was slowly dying of consumption. They offered Brandt the sum of $100 to satisfy the judgment, which he accepted, and the judgment was satisfied in full on the record. When Wilkerson heard of the compromise he objected and refused to accept the money, and asserted that the attorney had acted without his authority. He desired a judgment in full or nothing. Brandt still holds the money and is ready to give it back to the defendant. Wilkerson came into court yesterday afternoon and succeeded in having the satisfaction of the judgment set aside. So Massey is still a debtor in the sum of $888. He still lives, and there seems to be little probability that he will die from consumption.

A MINOR'S CLAIM.

Judge Greene Refuses to Allow It to Be Sold.

Many years ago S. Beel, an old resident of this city, located some school lands in San Luis Obispo county. He paid a portion of the purchase price to the Government, and never took any further action in the matter. When he died he made a will, wherein he bequeathed his property to his widow, Regina Beel, and to his children. Neither the widow nor the children ever took any action to pay the remainder due on the school lands in question, as they supposed that all Beel's interest in the property had been forfeited because he had failed to perfect his title and complete the payments. All the children are now of age, save Carrie Beel, and her mother is guardian of her person and estate. A short time ago a gentleman called upon Mrs. Beel and stated the title to the school lands is clouded owing to the Beel claim, and desired the signatures of the widow and children stating that he would pay $450 for their claim, in order to clear the title to the lands. Mrs. Beel was willing to sell the claim, and so were the children. Yesterday morning Mrs. Beel appeared before Judge Greene and made application to sell the claim on behalf of the minor, Carrie Beel. Judge Greene refused to grant the petition, stating that he would not allow the claim of the minor to be sold in this manner. He thought that the land might be valuable, and an effort should be made to recover it, if possible.

ESTATES OF THE DEAD.

Probate Proceedings in the Superior Court.

T. M. Robinson, F. V. Wood, and C. J. Stewart have been appointed to appraise the estate of J. W. Dawson, deceased.

In the matter of the estate of James McGill, deceased, a family allowance of $175 a month has been allowed.

The estates of A. N. Maucgardo and W. J. Friedand have been ordered distributed.

The account of the executor of the estate of W. J. Sutherland, deceased, has been allowed and distribution ordered.

A similar order has been made in the matter of the estate of Thomas Scott, deceased.

The account of the executors of the estate of Francis Blake, deceased, has been allowed, and distribution has been ordered.

Attorney Fred Whitney is still after the executor of the estate of S. Jackson, deceased, trying to secure from him an account of his trust. Mr. Whitney represents one of the minor heirs of the estate, and proposes to see that his ward is properly treated by the executor.

IS HE A JUSTICE?

The Jurisdiction of Judge Welcker Again Attacked.

A short time ago Michael Dean found a man named Kidd taking water from his premises without permission. He remonstrated with Kidd, who paid little attention to the commands, and the next time Dean caught his neighbor taking water he struck him on the arm with a heavy cane, breaking the arm in two places. Dean was arrested for an assault with a deadly weapon, and was held to answer before the Superior Court by Justice Welcker of Berkeley. When Dean was arraigned, yesterday morning, he objected to pleading to the charge, on the ground that he had never been legally held to answer. The claim is made that Justice Welcker has never been legally elected or appointed to the office of Justice of the Peace of the town of Berkeley. It is asserted that when he was appointed by the Town Trustees, the term of his predecessor had not expired. The point will be argued before Judge Gibson on July 28th.

A JUDGMENT SET ASIDE.

A Corporation Was Dissolved While a Suit Was Pending.

When the Price Hay Press Company was conducting business at San Leandro, the shares of stock of the corporation were owned by L. C. Morehouse, who held 469 shares, and C. H. Gray, Fred. Bryant and W. H. Gray, each of whom held ten shares of stock. A few weeks ago the directors passed a resolution to disincorporate, and a petition was filed in court, and granted. In the meantime, one W. H. Bradley commenced a suit in the Superior Court of San Mateo county against the Price Hay Press Company, to recover $3500, for certain hay presses sold to the defendant. Just as soon as Bradley learned that the corporation had been dissolved, he lost no time in making an appearance in the Superior Court of this county, and making a motion to have the judgment dissolving the corporation vacated and set aside. His motion has been granted by the court.

LAND IN LITIGATION.

Two New Trials of Superior Court Suits Granted by Judge Greene.

In July, 1885, Wallace Everson was associated with E. B. Dean & Co. in conducting a lumber yard at Stockton. Everson desired to sell out his interest in the business, so he made a proposition which was accepted. He sold his interest to Dean & Co. for 150 shares of the Oakland Cotton Mill stock; a note for $4166, held by E. B. Dean & Co. and executed by the Oakland Glass Company and secured by mortgage on real property and $600 worth of lumber, besides a deed to an undivided one-half interest in a lot on Market street near Third. Everson claims that Dean & Co. failed to give him a clear title to the lot in question and accused them of fraud and brought suit to recover $2,500 damages. The charges were denied by Dean & Co. but nevertheless Everson secured a judgment for $1,000. Dean & Co. moved for a new trial and Judge Greene has granted the motion. W. H. Jordan appears for the plaintiff and W. R. Davis for the defendants.

James McGee agreed to sell to A. Bartlett in 1887 a certain tract of land near Berkeley for $11,000. Bartlett paid $800 in cash to bind the bargain, and was given thirty days to search the title. At the expiration of that time he claimed that the title to the land was defective, and demanded the return of his money. McGee refused to give back the money, and Bartlett brought a suit and recovered judgment for $850. Judge Greene has set the judgment aside and granted McGee a new trial.

A CREDITOR'S CLAIM.

An Assertion That John Apel Had a Leasehold in San Francisco.

John Apel died in this city last January and since that time no action has been taken by his widow regarding his estate. She asserts that he did not leave any estate and for that reason she did not consider it necessary to take out letters of administration.

John S. Schuster, a creditor of the deceased, is of a different opinion, however, and he has applied to to the court to be granted letters of administration on Apel's estate. The petitioner alleges that Apel hired a piece of property in San Francisco on which he erected a building and secured a lease of the premises for a term of twelve years. Prior to his death he made an assignment of his interest in the land to his wife. Schuster asserts that the assignment was made for the purpose of defrauding the creditors of the deceased, and he desires to secure letters so that he may bring a suit against the widow to recover the leasehold for the benefit of the creditors.

READY FOR TRIAL.

A Widow Seeking Damages for the Death of Her Husband.

One rainy morning some five years ago W. Works was waiting for a local train near Seventh and Washington streets. At that time Mr. Remillard was constructing a brick building just back of the Clarendon Hotel on Seventh street which was partially completed. Works stepped inside the building for shelter from the rain, and while he was thus standing there one of the brick walls gave away and Works was buried in the debris. He was instantly killed. Shortly after, Mrs. Works commenced suit against Remillard to recover $10,000 for the death of her husband. It was stated that the cause of the accident was due to a defective girder. After a long legal wrangle the pleadings in the case were finally settled and yesterday morning the case was set for trial before a jury on August 20th.

RELATIONS DISSOLVED.

The Presbytery Grants the Request of the First Presbyterian Church.

Last evening the Presbytery of San Francisco held a meeting to consider a communication from the First Presbyterian Church of this city asking that the relations of pastor and congregation be dissolved.

Rev. Dr. Horton who was present made a few remarks in which he said his pastorate had been most pleasant and that he left for a larger field with great regret, but feeling that a greater work is possible for him, he deemed it his duty to obey the call.

The Presbytery present gave the desired authority for dissolution of relations and the clergy with expressions of the deepest regret bade Dr. Horton farewell.

The Presbytery has been incorporated under the laws of the State as the San Francisco Presbytery and officers will be elected under the new organization at the next meeting.

CURTIS AN ODD FELLOW.

He Tells the Story of His Initiation Into the Order.

If Police Officer Curtis mysteriously disappears some day his absence may be set down as the work of the Odd Fellows. The good looking young police officer lacks discretion, and after being admitted into Odd Fellowship, a few evenings since, he told his friends in glowing terms, how he had been blindfolded and led around among rattling chains, and through sulphurous fumes. A good Odd Fellow learned of Curtis's betrayal of what is usually a closely guarded secret and now Curtis goes extra heavily armed. He said he didn't know he was doing anything wrong and his fellow Odd Fellows think him an odd one indeed.

No License for Ohe.

At the meeting yesterday afternoon of the Board of Supervisors, Supervisor Martin was present and requested permission to have a road in Fruit Vale Road District so changed where it crosses two creeks that it will be necessary to have but one bridge, the creek branching about twenty feet from the present course of the road. The permission was granted.

The Judiciary Committee recommended that the application of Henry Ohe, on the old county road, for a liquor license be not granted. The report was adopted and the board adjourned until Friday, the 25th, at 10 A. M.

NATURAL GAS.

Roaring Wells North of Lake Merritt—Gas in Abundance.

The wildest kind of excitement has created north of Oakland by discovery of natural gas in abundance on one of the ranches north of Lake Merritt. The gas vein was discovered while a farmer was boring an artesian well on his property, and when ignited the flame is over 80 feet high and burns with a roar that can be heard for miles. The well has been plugged and a number of others are being bored by way of experiment. Yesterday when the news reached Oakland a rush was made for the field and never since the gold excitement has there been such an exodus. This afternoon the neighborhood of the well resembles a tented army field and hundreds of derricks have been erected already in hopes of striking gas in large quantity. Geologists who have examined the ground say it abounds in petroleum and no doubt the discovery is a valuable one.

To-day thirty more men with their families went to the head of Lake Merritt and the People's Express and Transfer Company is having a busy day attending to their moving. Beside their general express and transfer business they make a specialty of checking baggage at your home to all parts of the world. Parties desiring to go to the new gas wells can summon a wagon through telephone 328, or at the office 421 Tenth street. A new well will be fired to-morrow afternoon at 2 o'clock.
